Machine Learning A-Z™: Hands-On Python & R In Data Science

# Gaston Agustín Quiroga Serrezuela

Senior Backend Engineer | Python, FastAPI, Microservices | Data Science Student at UBA  
Greater Buenos Aires

## Summary

I'm a backend Python developer with knowledge in frontend technologies like React or Angular. I have a strong understanding of the software development life cycle and prioritize communication and collaboration in my work. I am proactive, always curious about new technologies and interested in data science, machine learning, and AI. I believe in Agile methodologies and my passion lies in building software that solves real-world problems.
